Subject: No rate hike for APS
Date: Sunday, January 12, 2020 10:10:44 AM

To whom it may concern. I William Sego, a Domicile in the great State of Arizona, dis approves of the rate hike asked for by APS. It is appalling that a APS is so treacherous and deceitful to the very people they claim to work for. APS regularly steal from the very public in which pays their check. Then when taken to court they lie about there misadventures. It is not the responsibility of the tax payer and the consumer to foot the bill for the outrageously run Corporation. APS must learn to tighten its belt and take responsibility for the employees and corporations actions. We the People of Arizona will not stand for a rate hike from a egregious out of control utility company. Thank you for your time and concern.
